# Topic I

Recalibration  
(5 minutes)

Get ready to brainstorm.

What are some strategies/approaches you or your school has taken to recalibrate online clinical assessment during COVID-19?

What has gone well?

What lessons have you learned?

---

# Topic II

Technology  
(5 minutes)

Get ready to brainstorm.

When it comes to the assessment of psychomotor/clinical skills online:

Which technologies have you tried?  
Decided against?

What are you accomplishing with these new or existing tools?

---

# Topic III

Assessment  
(5 minutes)

Get ready to brainstorm.

How about exams?

Have you incorporated new assessments?

New strategies to assess students?

How is proctoring going?

Anything you intend on continuing after COVID-19?

---

# Open Forum
